🪪 PROFILE

I am a passionate and dedicated Computer Science student. I have hands-on experience in front-end development, with proficiency in HTML, CSS, and JavaScript. I have built a solid foundation in web development through various personal projects showcased in my portfolio. I am eager to apply my skills in a React internship, where I can leverage my collaborative mindset, strong problem-solving abilities, and commitment to developing innovative, user-friendly web applications.

🎓 EDUCATION

BSCS Computer Science
Virtual universty

🪪 SKILLS

| HTML | JavaScript | React.js | Bootstrap Framework | Tailwind CSS | Python | node js |

| Github and Git | Multitasking | Communication | Problem-Solving | Team Collaboration |

📄 CERTIFICATES

Microsoft Certified: Azure AI Fundamentals
Credential ID: FA672A0FFFB87ABB

Introduction to Front-End Development By META

Artifical Intelligence (Machine Learning; Deep Learning ; Communication) By NAVTTC

💼 EXPERIENCE

Weather App
It has developed a dynamic, user-friendly weather application that fetches real-time weather data using the OpenWeather API. The app allows users to search for cities worldwide and displays current temperature, humidity, and wind speed with responsive, visually appealing weather icons. It is built with HTML, CSS, and JavaScript.

Portfolio
Explore my interactive portfolio hosted on Netlify, built using HTML, CSS, and JavaScript. Featuring smooth animations and scroll effects, it showcases my front-end development skills with a clean and engaging design.
